Deborah Guthrie, ATC & Social

West Carleton Arts Society's Artist Trading Group and all West Carleton Arts Society members, and friends - come to the December Articulate meeting and learn, make and trade Artist Trading Cards while enjoying a fun social evening.

Deborah Guthrie will give a brief overview for anyone new or unsure of how to create these miniature works of art. Play stations will be set up with a variety of ATC cards and supplies to work with. Deborah will share her art books about this popular art form as well as her binder from past trades. Inspiration, supplies and socializing - what's not to like!

Members who have been making ATCs, please come prepared to trade as well as participate and play at this meeting.

No experience necessary for those who haven't previously made Artist Trading Cards.

Note: guests are welcome to join us and a light snack to add to our evening's "refreshments" table would also be most welcome!

Lots of fun to be had, so come for a social and interactive evening and go home with art.
