West Carleton Arts Society Members free, Guests \$5

Wednesday Sept 19, 2012, 7:00 pm

St Paul's United Church, 3760 Carp Road

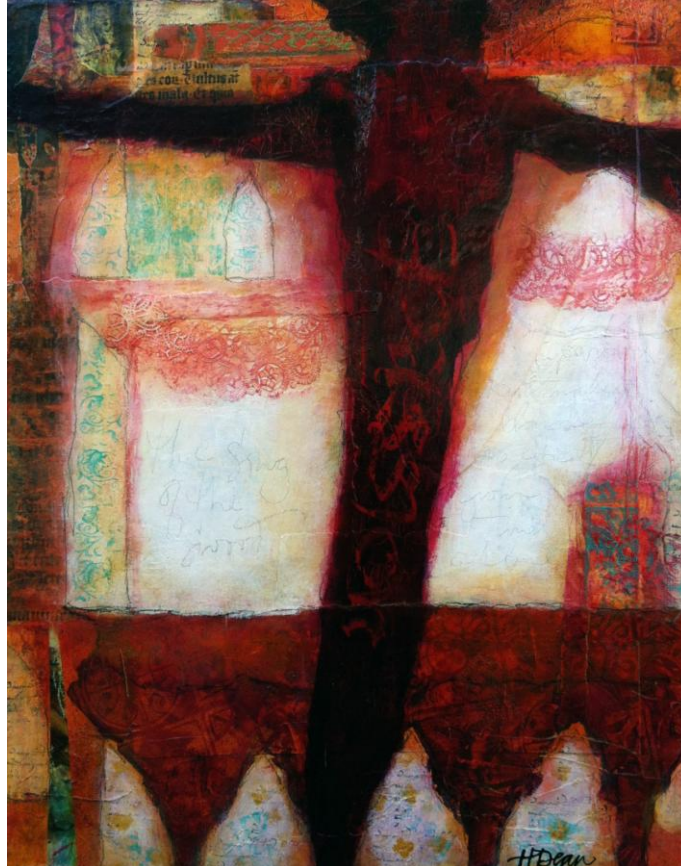

parking and entrance at the back

### Holly Dean, Artist

*Holly has always possessed a romantic soul, relating to the world around her through myth and legend. Her childhood reads like a story book; she spent it wandering country lanes and wooded hillsides on horseback.*

*Holly's creative path leads her on, compelling her to express her inner world as an artist, designer, calligrapher, writer, photographer and bookbinder. Each discipline brings its intrinsic value to her evocative paintings, book art, sculpture and altered images. Her mixed media art is insightful and steeped in mystery, evolving in organic layers of image, colour, texture, line and word. Holly works intuitively, arranging disparate elements into an artful composition — concealing and revealing her thoughts and emotions.*

*Merging various media allows her to open a door on the multi-faceted dreamscape of her imagination - to share what she sees and feels. The pivotal inclusion of text and calligraphy in her work gives the viewer a deeper insight into her creations. While contemporary in style, Holly's art embodies an age-old quality; an underlying connection to the stories that have shaped her life.*
