Karen Mackay, Artist & Calligrapher

Have you ever thought about taking a class in Calligraphy, seen a manuscript or a copy of one and wondered how the lettering and Ornate paintings were drawn or written? Come and join us for our Fireside talk about Calligraphy, past present and future.

Karen Mackay has many years of experience, study and practice to share with us. Come out and experience a little about the world of calligraphy, explore some techniques and hear about some of Karen's work experiences and projects.

Hope to see you there!
